

Report from the OGA Online Editor.

As our social media presence slowly continues to grow, it is great to read so many enthusiastic gaffers coming together to share views and offer help through encouragement to those new to the world of classic ownership.

Instagram is still proving popular and my thanks goes again to Ed - he took on the task and is doing such a fantastic job. Lots of exciting posts about the RBC60 next year along with a wealth of knowledge to answer all those inquisitive followers. Well done Ed - keep up the good work!

Tony & Pete from schools online have really supported me through various changes of the website and they have kindly offered to help those who need assistance editing their area news & events - thank you to both!

The popular chat on our Facebook group - which is also increasing in size - is a really lovely place to be when you can't find the answer online or in a book - because you can guarantee someone on there has done the same and has the answer you're looking for! Georgina has kindly taken on the task of administering the OGA page & group and has already had a positive impact since taking over - sharing lots of posts and making some fantastic changes - thank you so much.

And with that, it's time for me to stand down. Thanks to all those who have helped increase our presence in the online world of gaffering - long may it continue.

Fair winds
Elly
