

North Wales Area Report for ACM on Saturday, 14th January 2023

We started the sailing season yet again with caution, given the number of members with boats out of the water under repair / maintenance . We did however manage two excellent sail-in-companies combining each with an informal race in the Menai Strait against the wonderful backdrop of the mountains of Snowdonia. Huge thanks to our President, Scott Metcalfe, who kindly allowed those of us without boats in the water to crew on board *Klevia*, his trading ketch.

Our delayed 2022 AGM is scheduled for the end of January (28th), following on with a meal in the Castle Hotel, Conwy. Mike Leahy, our current Sailing Events Officer, will be sharing and taking us through his excellent programme of sailing events and opportunities he has compiled for this coming season so far. As well as further meets on the Menai Strait, these include plans for sail in companies to join RBC60 festivities at Milford Haven and Dublin, Peel Traditional Boat Festival, and a round Anglesey cruise. We very much welcome anyone who would like to join us either with own boats or helping crew.

Sally Holgate– North Wales Area Secretary
